

NOTICE

RESPECT OUR STAFF

The lack of doctors in rural and regional Australia is the result of government policies, not our staff, nurses or doctors.

We are working very hard to recruit new GPs for the West Armidale Medical Centre.

Please do not be disrespectful to our staff, nurses or doctors. They are working together very hard to try to secure new GPs to take care of you.

If you are rude, yell or are offensive we will ask you to leave, we will withdraw provision of services or we will call the Police.

WEST ARMIDALE MEDICAL CENTRE
